

Qualitas Energy presents itself at WindEnergy Hamburg as an investor, project developer, cooperation partner and employer

- *Qualitas Energy leverages WindEnergy Hamburg to acquire new wind energy projects and establish development partnerships*
- *The company plans to invest approximately €1.2 billion to accelerate the energy transition in Germany, aiming to expand its internal project development capacity to 4 GW*
- *Qualitas Energy offers attractive career opportunities within a growing team specializing in the acquisition, project development, construction and operation of wind farms*
- *The company's booth will be located in Hall A1*

Berlin, 10 September 2024. – Qualitas Energy, a leading fund manager and platform for the investment, management, and development of renewable energy, energy transition, and sustainable infrastructure, is leveraging of WindEnergy Hamburg to acquire wind energy projects, forge development partnerships, and attract new talent.

WindEnergy Hamburg is the world's biggest and most important wind business platform for exchanging news and views, building networks, and closing major deals. The event will take place from September 24 to 27, during which the Qualitas Energy investment team will invite operators and owners of wind energy projects to discuss the acquisition of wind farms and project rights.

Investment in greenfield and repowering projects

“Qualitas Energy specializes in acquiring and developing of greenfield and repowering projects of all sizes and development stages. Our partners benefit from the agility, pragmatism and financial strength of an established investment firm. We prioritize a fair and transparent transaction process,” emphasizes Borja Caruana, Managing Director of Qualitas Energy Deutschland GmbH.

Qualitas Energy plans to invest approximately €1.2 billion to accelerate the energy transition in Germany, addressing the urgent need for green capital. The goal is to expand its internal project development pipeline to a total capacity of around 4 GW.

“WindEnergy Hamburg presents an excellent opportunity to expand investments and partnerships. Our cooperation with wind farm operators often extends beyond the transaction itself - we also offer various forms of cooperation and are eager to see projects through to a successful conclusion together,” explains Johannes Overbeck, Head of Investment at Qualitas Energy Deutschland GmbH.

Career opportunities in a dynamic environment

With a dedicated team of more than 250 employees specializing in the acquisition, project development, construction and operation of wind farms, Qualitas Energy offers attractive career opportunities for job seekers at its locations in Berlin, Hamburg, Cologne, Stuttgart, Trier and Wiesbaden.

Interested parties can schedule appointments with investment, project development, operations, and recruiting managers by emailing messe@qenergy.com.

Qualitas Energy Meet-up on September 25

The Qualitas Energy booth will be located in Hall A1. On September 25, from 5 pm, visitors are cordially invited to a Meet-up for a productive and engaging experience.

About Qualitas Energy

Qualitas Energy is a leading fund manager and platform for the investment, management, and development of renewable energy, energy transition, and sustainable infrastructure. Since 2006, the Qualitas Energy team has managed investments of over €12 billion in renewable energies worldwide. These investments have been deployed through five vehicles: Fotowatio / FRV, Vela Energy, Qualitas Energy III, Qualitas Energy IV, and Qualitas Energy V.

Qualitas Energy's portfolio currently holds 11 GW of operational and development energy assets across Spain, Germany, the UK, Italy, Poland, Chile, and the United States. This includes 7 GWp of solar PV assets, 4 GW of wind energy assets, 242 MW of concentrated solar power (CSP) assets, 60 MW of hydroelectric power assets, 6 MW of battery storage assets, and 1.8 TWh of biomethane assets.

Since 2020, green power produced by Qualitas Energy is the equivalent of powering 1.54 million homes with renewable energy, and since 2021 it has successfully avoided emissions of 1.32 million metric tons of CO₂ equivalent.

The Qualitas Energy team is composed of more than 500 professionals across fifteen offices in Madrid, Berlin, London, Milan, Hamburg, Wiesbaden, Trier, Cologne, Stuttgart, Warsaw, Wroclaw, Santiago, Durham, Bristol, and Edinburgh.
